

Submission to the Special Issue

Presenters of mature works are encouraged to submit manuscripts through the organizers for publication in the special WSC-8 issue of [Chemometrics and Intelligent Laboratory Systems](#) journal, subject to the normal peer review process. Submission process consists of the following steps.

1. Manuscript (PDF file) prepared in line with the [Guide for Authors](#) should be presented to the Organized Committee by [e-mail](#) before April 1, 2012.

2. Submissions are considered by the WSC-8 Scientific Committee

Dr. M. Daszykowski (Chem. Intell Lab Syst Editorial Board)

Prof. K. Esbebsen (Chem. Intell Lab Syst Editorial Board)

Dr. F. Marini (Chem. Intell Lab Syst Editorial Board)

Dr. A. Pomerantsev (Chem. Intell Lab Syst Editorial Board)

Dr. O. Rodionova (J. Chemometrics Editorial Board)

Committee gives a recommendation based on the impressions of the presentation at the symposium, and only after careful evaluation of the manuscript. The authors will be informed as soon as the decision is ready. The Committee will complete its work on May 1, 2012

3. Selected contributions will be recommended for submission via on-line [Elsevier Editorial System \(EES\)](#) subject to the normal peer review process.

4. To submit:

- Go to: <http://ees.elsevier.com/chemolab>
- Click on the "Submit Paper" option from the top menu
- Enter your user name and password (first time users will have to register)
- After entering the titles of your manuscript, please select **WSC 8** as the 'Article Type'
- Select **R. Tauler** as Editor
- Follow the remaining step-by-step instructions to submitting your paper

5. In your cover letter, please mention that your manuscript is intended for WSC 8 special issue. The deadline to submit your manuscript to the WSC 8 symposium issue is 30th May 2012

If you have any questions on the submission and reviewing process, please contact Guest Editor of the WSC-8 special issue

Alexey Pomerantsev (forecast@chph.ras.ru)
