

Fifteenth Winter Symposium on Chemometrics Modern Methods of Data Analysis

First Announcement and Call for Papers

Uzbekistan, Chimgan, February 23—27, 2026

Scope and Topics Winter Symposium on Chemometrics (WSC) is an international scientific event. This year the symposium will be organized in collaboration with the Center for Advanced Technologies under the Ministry of Higher Education, Science and Innovation of the Republic of Uzbekistan. It covers a wide range of modern topics in chemometrics, including new algorithms, applications in quantitative and qualitative analysis, PAT, experimental design, image analysis, and many others. The organizers have attempted to achieve an optimal balance between theoretical aspects of data analysis and their practical applications. The conference brings together both academic scientists and industrial experts, providing many opportunities for personal contacts and fruitful discussions.

Traditionally, WSC is very friendly to young scientists and those beginning to carve their way in data analysis. The main objectives of WSC are dissemination and popularization of chemometrics, as well as the establishment of a bridge connecting scientists and industrial partners. The social and cultural program is what makes the conference unique. Each conference day is concluded with the famous “Scores & Loadings” gathering where communication continues in a less formal manner.

Venue WSC-15 will be held in Uzbekistan. The Layner Mountain Resort Complex is nestled in the heart of Chimgan, Uzbekistan, a picturesque mountain destination renowned for its stunning landscapes and year-round appeal to tourists and adventure enthusiasts. Guests will enjoy their stay in a modern hotel featuring 100 well-appointed rooms, set within an 8-hectare beautifully landscaped, secure territory surrounded by the majestic Chimgan mountains. The resort offers an array of amenities, including a restaurant with a terrace, general, women-only, and children’s pools with a waterpark, beach volleyball, a football field, a basketball court, a professional tennis court, a spa center with premium fitness equipment, an all-season slide, a summer amphitheater, a small cinema, indoor and outdoor children’s playgrounds, a dedicated creative zone for women, a billiard room, a shooting range, gazebos, karaoke, a gaming room with PS5, conference halls, and much more. The restaurant provides delicious cuisine, exceptional service, a cozy atmosphere, and vibrant evening entertainment featuring music, hosts, and shows.

The symposium program includes invited lectures, as well as submitted oral presentations and posters. The contributions may report mature results, feasibility studies, or problem discussions etc. A friendly and open-minded atmosphere is a distinguishing feature of all WSC meetings.

Key Dates

- 01.09.2025 – start of registration and abstract submission
- 15.11.2025 – deadline for early bird registration and abstract submission for oral presentation
- 25.01.2026 — notification of acceptance
- 23 - 26.02.2026 — symposium
- 27.02.2026— excursion and departure

Abstracts for poster presentations can be considered up to the 01.02.2024.

Registration The preferred way of registration is via on-line form available on the conference web site: <https://www.wsc15.com/>

Please send all related questions to Dr. Anastasiia Surkova, the conference secretary
wsc15chemometrics@gmail.com

Registration Fee

Person	Room	November 15, 2026	
		Before	After
Full participant	single	€ 655	€ 770
	double	€ 555	€ 670
Accompanying person	single	€ 555	€ 670
	double	€ 480	€ 620

Registration fee includes: transfer from airport to conference hotel; four overnight stays at the hotel; conference materials; all meals, coffee breaks and banquet. It also includes all resort activities, spa center, billiard, etc. In fact, the only thing not covered by the registration fee is your travel to and from Tashkent (Uzbekistan). Detailed payment instructions are available on the conference web site.

Visa

To obtain an Uzbekistan visa, you can apply for an e-visa online or through an Uzbek embassy or consulate. For shorter stays (up to 30 days) for tourism, you can apply for an e-visa. If you need a longer stay or are not eligible for an e-visa, you'll need to apply through an Uzbek embassy or consulate. You can check online whether you need a visa for Uzbekistan or not:
